

Notes from Town of Moreau Rec Commission Meeting 5/3/10

Present Keith Krippen, Ryan Dennis, John Farrell, Liz Lamphear, Bob Vittengl, Steve Graham, and Gina LaClair missing Frank L , Garth B , Andy L

Steve Gram director report now in digital format for the rec commission , saves paper and gets info to members quicker. Discussed fee schedule which Steve printed up for fields with local team rate and other team rates .Members brought up need to remove some stumps in park , Steve said he will get done asap. Sink hole by girls softball area to be handled also . Top soil needed to be moved for additional parking at girls softball area. Some more stone for parking lot to be trucked in in May.

John Otopaul from little league came back to talk to rec commission as to the feelings of Little League as to concession stand. Some plans were drawn up by Little League with restrooms , nice plan but at 150K to 250K plans were deemed too pricey. John would like to level current concession stand for blacktop. Rec commission explained that this is a town building and that Little League was using for free , if not used for concession stand that the town would use for storage or possible programs , and as far as demolishing 3 functional rest rooms the cost of replacement is 60K to 90K , and the town did not have the funds to use in that way. As far as new concession stand is concerned town rec commission would like to see comitment from Little League in either funds , donated materials , donated labor, etc. , any form of help would make this project come together quicker. John O expressed his displeasure with future location of concession stand , and rec comm explained that THIS WAS A TOWN BUILDING , and it had to be multi-use for all of the park and groups , the new site helped the parking problem , would service other fields and playground areas. John was going to get back on their plans at next meeting.

Lighting grant is coming to close and Steve was meeting with 2 reps to come up with a plan for possible lighting at park for night usage.

Garth is working on town web page design for rec and the commission likes what he has done so far , this format should be a great asset for future usage. Town community sign up sign discussed , Joe Patrick to work on permits and Keith K to work on design along with great sketch of basketball signage in memory of Mike Nolan .

Keith to work on agenda for next meeting on 6/7/10 at town hall
Meeting ended 9:20 pm
