motel = .5 EDU / room

(13) In the case of all commercial, industrial and business establishments not included in subdivisions 1 through 12, inclusive, of this subsection, the number of equivalent dwelling units shall be determined in each case by the Water Department and shall be based upon his or her estimate of the volume and type of wastewater to be discharged into the sewer at a value of 300 GPD per EDU. Any such permit, issued for any use hereunder, shall include a specific volume authorized for such use. If said amount is exceeded, it shall be grounds for revocation of the permit or may be subject to upward adjustment of the equivalent dwelling unit assignment for the property. Since water system capacity investments are made based on peak flows, downward EDU adjustments will not be allowed. The

DRAFT

431 provisions of Sewer Ordinance related to industrial user permits shall also apply.

**TOWN OF MOREAU
PROPOSED LOCAL LAW NO. 4 OF 2025
A LOCAL LAW AMENDING CHAPTER 115 OF THE MOREAU TOWN CODE
RELATING TO SEWER REGULATIONS**

Be it Enacted by the Moreau Town Board as Follows:

Section 1. Authority.

This Local Law amending portions of Chapter 115 of the Code of the Town of Moreau relating to sewer regulations is adopted pursuant to Section 10 of the New York State Municipal Home Rule Law and General Municipal Law Article 14-F.

Section 2. Town Code Section 115-8 (A) is amended by repealing the definition of SEWER RATES AND CHARGES.

Section 3. Town Code Section 115-63 is repealed and a new Section 115-63 is enacted to read as follows:

§ 115-63. Penalties for offenses.

A. Any person who fails to comply with any provision of Articles III through VIII of this Chapter shall be guilty of a violation, and each day of such violation shall be deemed a separate and distinct violation, and every conviction of such violation shall be punished by a fine not exceeding \$250 or by imprisonment for a term not exceeding 15 days, or both. The Town Board may designate one or more Town officials or employees to commence appropriate judicial proceedings.

B. In addition, any person who fails to comply with any provision of Articles III through VIII of this Chapter shall be subject to a civil penalty not exceeding \$500 per day that such non-compliance continues, plus the cost to the Town to enforce compliance with this Chapter, to be recovered in a civil action brought in the name of the Town in a court of competent jurisdiction, as authorized by the Town Board, and such civil penalty shall also be in addition to any liability for damage to equipment caused by such non-compliance.

Section 4. Town Code Section 115-70 is repealed and a new Section 115-70 is enacted to read as follows:

§ 115-70. Sewer charges.

A. The Town Board shall by resolution set the charges to be paid by the owner or

owners of all properties within each sewer district or extension which shall include:

(1) a charge relating to the cost of operation and maintenance of the sewer system serving the sewer district or extension in just proportion to the benefit conferred on the property by the sewer system,

(2) a charge relating to the capital cost of constructing the sewer system, including the principle and interest on debt incurred, in just proportion to the benefit conferred on the property by the sewer system, and

(3) any additional charges including but not limited to those applicable to connections, tapplings, inspections, capacity, pre-treatment, late payments, and penalties.

B. Notice of such charges shall be published in a newspaper of general circulation within the Town, and posted on the Town's website, at least five days prior to adoption of the resolution, and such charges shall remain in effect until amended by a subsequent resolution.

C. Charges relating to operation and maintenance costs and charges relating to capital costs shall be set using a schedule of equivalent dwelling units (EDU) based on the benefit conferred on the property by the sewer system. Generally, the greater the use of the system by a particular property the higher number of EDUs it will be assigned. The Town Board resolution approving the sewer charges shall also approve the EDU schedule, and the EDU schedule shall be posted on the Town's website.

D. The charge relating to capital costs shall be paid by owners of all properties located within the district or extension regardless of whether the property is connected to the sewer system.

E. Properties located outside the sewer district or extension that are connected to the sewer system shall pay the same costs as properties located within the district or extension.

Section 5. Town Code Section 115-71 is repealed and a new Section 115-71 is enacted to read as follows:

§ 115-71. Billing.

A. Sewer charges shall begin to occur as of January 1 each year for use in that year and shall be billed as early in the year as practicable as determined by the Town Board.

B. Property owners shall be billed annually but the Town Board may authorize monthly or semi-annual payments for properties assigned 30 or more EDUs. Charges shall be paid within 30 days of the billing, and late payments shall be subject to a late payment fee of ten percent per month after the initial 30-day payment period. Any payment accepted for an amount less than the amount due as stated on the bill shall be subject to the late payment fee on the original amount stated on the bill. Failure to receive a bill shall not relieve the property owner of the obligation to pay the sewer charges.

C. The charges shall constitute a lien upon the real property served by the sewer system, and such lien shall be prior and superior to every other lien or claim except the lien of an existing tax, assessment or other lawful charge imposed by or for the State or a political subdivision or district.

D. Delinquent sewer charges may be collected through municipal property assessments imposed pursuant to Section 452 of the General Municipal Law.

Section 6. Town Code Section 115-75 is repealed and a new Section 115-75 is enacted to read as follows:

§ 115-75. Agreements for service outside of the sewer district or extension.

Properties located outside the sewer district or an extension may be allowed to connect to the sewer system if the owner of the property first enters into a written agreement approved by the Town Board that commits the owner and successors to comply with this Chapter and commits the property to be included in a future sewer extension.

Section 7. Severability.

The invalidity or unenforceability of any provision of this Local Law by a valid judgement of any court of competent jurisdiction shall not affect the validity or enforceability of any other provision.

Section 8. Effective Date.

This Local Law shall take effect upon filing in the office of the New York State Secretary of State.

Product Details

- Tap into all types of pipe—PVC, ductile iron, AC, copper and more!
- Color-coded adapters help identify the right adapter for your application

Use AquaTap Mach-Series Hot Tapping Kits to tap into water lines up to 120 psi. Kits include the drill, corp adapters and hole saws you need to hot tap PVC, AC, ductile iron, copper and all-steel pipe. Adapters are color-coded to identify compatibility with pipe manufacturers or application: gold for CTS, blue for IPS/NPT (above ground) applications, and purple for quick joint.

The AquaTap Mach 2 Kit performs hot taps on PVC, Ductile, AC and more for 3/4", 1", 1-1/2" and 2" service lines.

Tech Specs:

Drill: AquaTap 20V cordless (4.0 Ah batteries)

Drill rod length: 13" and 18"

Battery: Li-ion

Charger: standard

Corp adapters: 12

Gold (CTS): 3/4", 1", 1-1/4", 1-1/2" and 2"

Blue (NPT): 3/4", 1", 1-1/2" and 2"

Purple (Quick Joint): 1", 1-1/2" and 2"

Hole saws: 8 tungsten carbide-tipped

Pilot bit: 1 coupon retaining bit

Carrying case: yes (included)

- The V-belt is protected from damage by a sturdy housing and can be easily tensioned. This reduces wear, saves spare parts costs and attains a long service life.
- Machines starting at 13 kN are equipped with a cylindrical roller bearing. This is more sturdy and attains a longer service life than a ball bearing.
- The durable protective frame protects the engine and water tank from damage. This saves repair costs.
- The rounded edges minimizes material buildup when turning the plate to ensure a smooth, quality asphalt surface.
- The low hand-arm vibration values ($< 5 \text{ m/s}^2$) enable comfortable work.
- Prop 65 Warning: See Details

See full description

The WP vibratory plate series are the high-performance pros for the compaction of asphalt and light mixed soils as well as compacting over interlocking paving stones. Because of the center-mounted control handle and specially shaped base plate, the WP plates can be easily maneuvered and turned. The heavy-duty design is ideally suited for professional use when compacting mixed soil subbases, walkways, roads and parking lots and for asphalt finishes. Using the wheel set (accessory), the WP plates can be easily moved around the job site by one person.

What's Included

- (1) Vibroplate and Manual

Features + Benefits

- The V-belt is protected from damage by a sturdy housing and can be easily tensioned. This reduces wear, saves spare parts costs and attains a long service life.
- Machines starting at 13 kN are equipped with a cylindrical roller bearing. This is more sturdy and attains a longer service life than a ball bearing.
- The durable protective frame protects the engine and water tank from damage. This saves repair costs.
- The rounded edges minimizes material buildup when turning the plate to ensure a smooth, quality asphalt surface.
- The low hand-arm vibration values (< 5 m/s²) enable comfortable work.
- The central attachment of the control handle makes it possible to turn the machine effortlessly. Due to this, a higher level of working comfort and efficiency are possible.

Bullhead Safety Discus Safety Glasses, 10 Base Curve Wrap Around Clear Lens, Model# BH2811 \$2.99

Product Summary

The NorthStar Single-Direction Plate Compactor with a 5.5 HP Honda GX160 engine is engineered to efficiently compact granular soils and crushed aggregate. Powered by the quiet yet powerful 163cc OHV Honda GX160 engine, it delivers robust performance with low fuel consumption. Featuring a 21in. x 17-7/10in. plate and a travel speed of 65 ft./min., this compactor achieves up to 5,500 vibrations per minute, producing 4,032 lbs. of compaction force. Ideal for a variety of compaction applications, its advanced features include a float-type carburetor, transistorized ignition and an angled combustion chamber for improved power and efficiency. The centrifugal flyweight governor ensures consistent performance, while the 12V lighting coil adds versatility. 2-year limited warranty for peace of mind.

If the equipment listed above is replacing your current meter, your current meter will be taken out of service once this lease commences.

Your Signature Below

Non-Appropriations. You warrant that you have funds available to make all payments until the end of your current fiscal period, and shall use your best efforts to obtain funds to make all payments in each subsequent fiscal period through the end of your lease term. If your appropriation request to your legislative body, or funding authority ("Governing Body") for funds to make the payments is denied, you may terminate this lease on the last day of the fiscal period for which funds have been appropriated, upon (i) submission of documentation reasonably satisfactory to us evidencing the Governing Body's denial of an appropriation sufficient to continue this lease for the next succeeding fiscal period, and (ii) satisfaction of all charges and obligations under this lease incurred through the end of the fiscal period for which funds have been appropriated, including the return of the equipment at your expense.

By signing below, you agree to be bound by all the terms of this Agreement, including the Pitney Bowes Terms (Version 7/23), which are available at <http://www.pb.com/statelocaloptterms> and are incorporated by reference. The term lease will be binding on us after we have completed our credit and documentation approval process and have signed below. If software is included in the Order, additional terms apply which are available by clicking on the hyperlink for that software located at <http://www.pitneybowes.com/us/license-terms-of-use/software-and-subscription-terms-and-conditions.html>. Those additional terms are incorporated by reference.

Future Developments

For the latest information about developments related to Form 8038-GC and its instructions, such as legislation enacted after they were published, go to www.irs.gov/Form8038GC.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted

Purpose of Form

Form 8038-GC is used by the issuers of tax-exempt governmental obligations to provide the IRS with the information required by section 149(e) and to monitor the requirements of sections 141 through 150.

Who Must File

Issuers of tax-exempt governmental obligations with issue prices of less than \$100,000 must file Form 8038-GC. Issuers of a tax-exempt governmental obligation with an issue price of \$100,000 or more must file Form 8038-G, Information Return for Tax-Exempt Governmental Bonds.

Filing a separate return for a single issue.

Issuers have the option to file a separate Form 8038-GC for any tax-exempt governmental obligation with an issue price of less than \$100,000.

An issuer of a tax-exempt bond used to finance construction expenditures must file a separate Form 8038-GC for each issue to give notice to the IRS that an election was made to

pay a penalty in lieu of arbitrage rebate. See the instructions for line 11, later.

Filing a consolidated return for multiple issues. For all tax-exempt governmental obligations with issue prices of less than \$100,000 that are not reported on a separate Form 8038-GC, an issuer must file a consolidated information return including all such issues issued within the calendar year.

Thus, an issuer may file a separate Form 8038-GC for each of a number of small issues and report the remainder of small issues issued during the calendar year on one consolidated Form 8038-GC. However, if the issue is a construction issue, a separate Form 8038-GC must be filed to give the IRS notice of the election to pay a penalty in lieu of arbitrage rebate.

When To File

To file a separate return for a single issue, file Form 8038-GC on or before the 15th day of the second calendar month after the close of the calendar quarter in which the issue is issued.

To file a consolidated return for multiple issues, file Form 8038-GC on or before February 15 of the calendar year following the year in which the issue is issued.

Late filing. An issuer may be granted an extension of time to file Form 8038-GC under section 3 of Rev. Proc. 2002-48, 2002-37 I.R.B. 531, if it is determined that the failure to file on time isn't due to willful neglect. Write at the top of the form, "Request for Relief under section 3 of Rev. Proc. 2002-48." Attach to the Form 8038-GC a letter briefly stating why the form was not submitted to the IRS on time. Also indicate whether the obligation in question is under examination by the IRS. Do not submit copies of any bond documents, leases, or installment sale documents. See *Where To File* next.

Where To File

File Form 8038-GC and any attachments at the following address.

Department of the Treasury
Internal Revenue Service Center
Ogden, UT 84201

Private delivery services (PDS). You can use certain PDS designated by the IRS to meet the "timely mailing as timely filing/paying" rule for tax returns and payments. These PDS include only the following:

- DHL Express (DHL): DHL Same Day Service.
- Federal Express (FedEx): FedEx Priority Overnight, FedEx Standard Overnight, FedEx 2Day, FedEx International Priority, and FedEx International First.
- United Parcel Service (UPS): UPS Next Day Air, UPS Next Day Air Saver, UPS 2nd Day Air, UPS 2nd Day Air A.M., UPS Worldwide Express Plus, and UPS Worldwide Express.

The PDS can tell you how to get written proof of the mailing date.

Other Forms That May Be Required

For rebating arbitrage (or paying a penalty in lieu of arbitrage rebate) to the Federal Government, use Form 8038-T, Arbitrage Rebate, Yield Reduction and Penalty in Lieu of Arbitrage Rebate. For private activity bonds, use Form 8038, Information Return for Tax-Exempt Private Activity Bond Issues.

For a tax-exempt governmental obligation with an issue price of \$100,000 or more, use Form 8038-G.

Rounding to Whole Dollars

You may show the money items on this return as whole-dollar amounts. To do so, drop any amount less than 50 cents and increase any amount from 50 to 99 cents to the next higher dollar. For example, \$1.49 becomes \$1 and \$2.50 becomes \$3. If two or more amounts must be added to figure the amount to enter on a line, include cents when adding the amounts and round off only the total.

Definitions

Obligations. This refers to a single tax-exempt governmental obligation if Form 8038-GC is used for separate reporting or to multiple tax-exempt governmental obligations if the form is used for consolidated reporting.

Tax-exempt obligation. This is any obligation including a bond, installment purchase agreement, or financial lease, on which the interest is excluded from income under section 103.

Tax-exempt governmental obligation. A tax-exempt obligation that isn't a private activity bond (see below) is a tax-exempt governmental obligation. This includes a bond issued by a qualified volunteer fire department under section 150(e).

Private activity bond. This includes an obligation issued as part of an issue in which:

- More than 10% of the proceeds are to be used for any private activity business use, and
- More than 10% of the payment of principal or interest of the issue is either (a) secured by an interest in property to be used for a private business use (or payments for such property) or (b) to be derived from payments for property (or borrowed money) used for a private business use.

It also includes a bond, the proceeds of which (a) are to be used to make or finance loans (other than loans described in section 141(c)(2)) to persons other than governmental units and (b) exceeds the lesser of 5% of the proceeds or \$5 million.

Issue. Generally, obligations are treated as part of the same issue only if they are issued by the same issuer, on the same date, and as part of a single transaction, or a series of related transactions. However, obligations issued during the same calendar year (a) under a loan agreement under which amounts are to be advanced periodically (a "draw-down loan") or (b) with a term not exceeding 270 days, may be treated as part of the same issue if the obligations are equally and ratably secured under a single indenture or loan agreement and are issued under a common financing arrangement (for example, under the same official statement periodically updated to reflect changing factual circumstances). Also, for obligations issued under a draw-down loan that meets the requirements of the preceding sentence, obligations issued during different calendar years may be treated as part of the same issue if all of the amounts to be advanced under the draw-down loan are reasonably expected to be advanced within 3 years of the date of issue of the first obligation. Likewise, obligations (other than private activity bonds) issued under a single agreement that is in the form of a lease or installment sale may be treated as part of the same issue if all of the property covered by that agreement is reasonably expected to be delivered within 3 years of the date of issue of the first obligation.

Arbitrage rebate. Generally, interest on a state or local bond is not tax-exempt unless the issuer of the bond rebates to the United States arbitrage profits earned from investing proceeds of the bond in higher yielding nonpurpose investments. See section 148(f).

Construction issue. This is an issue of tax-exempt bonds that meets both of the following conditions:

1. At least 75% of the available construction proceeds of the issue are to be used for construction expenditures with respect to property to be owned by a governmental unit or a 501(c)(3) organization, and
2. All of the bonds that are part of the issue are qualified 501(c)(3) bonds, bonds that are not private activity bonds, or private activity bonds issued to finance property to be owned by a governmental unit or a 501(c)(3) organization.

In lieu of rebating any arbitrage that may be owed to the United States, the issuer of a construction issue may make an irrevocable election to pay a penalty. The penalty is equal to 1-1/2% of the amount of construction proceeds that do not meet certain spending requirements. See section 148(f)(4)(C) and the Instructions for Form 8038-T.

Specific Instructions

In general, a Form 8038-GC must be completed on the basis of available information and reasonable expectations as of the date of issue. However, forms that are filed on a consolidated basis may be completed on the basis of information readily available to the issuer at the close of the calendar year to which the form relates, supplemented by estimates made in good faith.

Part I—Reporting Authority

Amended return. An issuer may file an amended return to change or add to the information reported on a previously filed return for the same date of issue. If you are filing to correct errors or change a previously filed return, check the *Amended Return* box in the heading of the form.

The amended return must provide all the information reported on the original return, in addition to the new corrected information. Attach an explanation of the reason for the amended return and write across the top "Amended Return Explanation."

Line 1. The issuer's name is the name of the entity issuing the obligations, not the name of the entity receiving the benefit of the financing. In the case of a lease or installment sale, the issuer is the lessee or purchaser.

Line 2. An issuer that does not have an employer identification number (EIN) should apply for one online by visiting the IRS website at www.irs.gov/EIN. The Organization may also apply for an EIN by faxing or mailing Form SS-4 to the IRS.

Lines 3 and 4. Enter the issuer's address or the address of the designated contact person listed on line 6. If the issuer wishes to use its own address and the issuer receives its mail in care of a third party authorized representative (such as an accountant or attorney), enter on the street address line "C/O" followed by the third party's name and street address or P.O. box. Include the suite, room, or other unit number after the street address. If the post office does not deliver mail to the street address and the issuer has a P.O. box, show the box number instead of the

street address. If a change in address occurs after the return is filed, use Form 8822, Change of Address, to notify the IRS of the new address.

Note. The address entered on lines 3 and 4 is the address the IRS will use for all written communications regarding the processing of this return, including any notices. By authorizing a person other than an authorized officer or other employee of the issuer to communicate with the IRS and whom the IRS may contact about this return, the issuer authorizes the IRS to communicate directly with the individual listed on line 6, whose address is entered on lines 3 and 4 and consents to disclose the issuer's return information to that individual, as necessary, to process this return.

Line 5. This line is for IRS use only. Don't make any entries in this box.

Part II—Description of Obligations

Check the appropriate box designating this as a return on a single issue basis or a consolidated return basis.

Line 8a. The issue price of obligations is generally determined under Regulations section 1.148-1(b). Thus, when issued for cash, the issue price is the price at which a substantial amount of the obligations are sold to the public. To determine the issue price of an obligation issued for property, see sections 1273 and 1274 and the related regulations.

Line 8b. For a single issue, enter the date of issue (for example, 03/15/2010 for a single issue issued on March 15, 2010), generally the date on which the issuer physically exchanges the bonds that are part of the issue for the underwriter's (or other purchaser's) funds; for a lease or installment sale, enter the date interest starts to accrue. For issues reported on a consolidated basis, enter the first day of the calendar year during which the obligations were issued (for example, for calendar year 2010, enter 01/01/2010).

Lines 9a through 9h. Complete this section if property other than cash is exchanged for the obligation, for example, acquiring a police car, a fire truck, or telephone equipment through a series of monthly payments. (This type of obligation is sometimes referred to as a "municipal lease.") Also complete this section if real property is directly acquired in exchange for an obligation to make periodic payments of interest and principal.

Don't complete lines 9a through 9d if the proceeds of an obligation are received in the form of cash even if the term "lease" is used in the title of the issue. For lines 9a through 9d, enter the amount on the appropriate line that represents a lease or installment

purchase. For line 9d, enter the type of item that is leased. For lines 9e through 9h, enter the amount on the appropriate line that represents a bank loan. For line 9h, enter the type of bank loan.

Lines 9i and 9j. For line 9i, enter the amount of the proceeds that will be used to pay principal, interest, or call premium on any other issue of bonds, including proceeds that will be used to fund an escrow account for this purpose. Several lines may apply to a particular obligation. For example, report on lines 9i and 9j obligations used to refund prior issues which represent loans from the proceeds of another tax-exempt obligation.

Lines 9k. Enter on line 9k the amount on line 8a that does not represent an obligation described on lines 9a through 9j

Line 10. Check this box if the issuer has designated any issue as a "small issuer exception" under section 265(b)(3)(B)(i)(III).

Line 11. Check this box if the issue is a construction issue and an irrevocable election to pay a penalty in lieu of arbitrage rebate has been made on or before the date the bonds were issued. The penalty is payable with a Form 8038-T for each 6-month period after the date the bonds are issued. Do not make any payment of penalty in lieu of rebate with Form 8038-GC. See Rev. Proc. 92-22, 1992-1 C.B. 736, for rules regarding the "election document."

Line 12. Enter the name of the vendor or bank who is a party to the installment purchase agreement, loan, or financial lease. If there are multiple vendors or banks, the issuer should attach a schedule.

Line 13. Enter the employer identification number of the vendor or bank who is a party to the installment purchase agreement, loan, or financial lease. If there are multiple vendors or banks, the issuer should attach a schedule.

Signature and Consent

An authorized representative of the issuer must sign Form 8038-GC and any applicable certification. Also print the name and title of the person signing Form 8038-GC. The authorized representative of the issuer signing this form must have the authority to consent to the disclosure of the issuer's return information, as necessary to process this return, to the person(s) that has been designated in this form.

Note. If the issuer authorizes in line 6 the IRS to communicate with a person other than an officer or other employee of the issuer, (such authorization shall include contact both in writing regardless of the address entered in lines 3 and 4, and by telephone) by signing this form, the issuer's authorized representative consents to the disclosure of the issuer's return information, as necessary to process this return, to such person.

Paid Preparer

If an authorized representative of the issuer filled in its return, the paid preparer's space should remain blank. Anyone who prepares the return but does not charge the organization should not sign the return. Certain others who prepare the return should not sign. For example, a regular, full-time employee of the issuer, such as a clerk, secretary, etc., should not sign.

Generally, anyone who is paid to prepare a return must sign it and fill in the other blanks in the *Paid Preparer Use Only* area of the return. A paid preparer cannot use a social security number in the *Paid Preparer Use Only* box. The paid preparer must use a preparer tax identification number (PTIN). If the paid preparer is self-employed, the preparer should enter his or her address in the box.

The paid preparer must:

- Sign the return in the space provided for the preparer's signature, and
- Give a copy of the return to the issuer.

Paperwork Reduction Act Notice

We ask for the information on this form to carry out the Internal Revenue laws of the United States. You are required to give us the information. We need it to ensure that you are complying with these laws.

You are not required to provide the information requested on a form that is subject to the Paperwork Reduction Act unless the form displays a valid OMB control number. Books or records relating to a form or its instructions must be retained as long as their contents may become material in the administration of any Internal Revenue law. Generally, tax returns and return information are confidential, as required by section 6103.

The time needed to complete and file this form will vary depending on individual circumstances. The estimated burden for tax exempt organizations filing this form is approved under OMB control number 1545-0047 and is included in the estimates shown in the instructions for their information return.

If you have suggestions for making this form simpler, we would be happy to hear from you. You can send us comments through www.irs.gov/FormComments. Or you can write to:

Internal Revenue Service

| Councilmember Donohue | _____ |
| Councilmember Killian | _____ |
| Councilmember Noonan | _____ |
| Councilmember Stewart | _____ |
| Supervisor Fish | _____ |

AN ACT in relation to authorizing the town of Moreau to extend the town of Moreau's only Fire Protection District into the village of South Glens Falls

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Notwithstanding any contrary provisions of article 11 of the town law, commencing with the effective date of a resolution adopted pursuant to section 10-1020 of the village law abolishing the fire department in the village of South Glens Falls, Saratoga County, the town board of the town of Moreau, Saratoga County, in accordance with the procedures set forth in subdivision 2 of section 170 of the town law, shall have the power to extend the town of Moreau's Fire Protection District, located in the town of Moreau to include and encompass the entire corporate limits of the village of South Glens Falls in such town.

Section 2. Upon the completion by the town of Moreau of the proceedings authorized by section one of this act, the fire protection district in the town as extended shall be a fire protection district governed by the provisions of section 184 of the town law, and the town board of the town shall have all of the powers and duties vested in and imposed on town boards by section 184 of the town law, and shall be subject to all of the limitations, procedures and restrictions set forth in such section.

Section 3. On and after the completion of the proceedings authorized by section one of this act, the not-for-profit fire corporation incorporated as the "South Glens Falls Fire Company, Inc." shall maintain its corporate existence and may continue to maintain apparatus, appliances and facilities within the village of South Glens Falls for the furnishing of fire protection. Such continued presence in the village of South Glens Falls shall not render the fire corporation the fire department of the village, nor shall it render the fire corporation under the control of the village authorities pursuant to paragraph (e) of section 1402 of the not-for-profit corporation law, provided, however, that for purposes of paragraph (e) of section 1402 of the not-for-profit corporation law, the fire corporation shall be under the control of the town of Moreau.

Section 4. The completion by the town of Moreau of the proceedings authorized by section one of this act shall be deemed to occur when the town adopts a resolution extending a fire protection district as required by subdivision 2 of section 170 of the town law, provided, however, that nothing herein shall be construed as relieving the town from complying with the provisions of subdivision 1 of section 173 of the town law.

Section 5. This act shall take effect immediately.

RESOLUTION OF THE VILLAGE OF SOUTH GLENS FALLS

Whereas, in the interest of consolidation of government resources, the village approves and requests that the town of Moreau extend the town of Moreau’s Fire Protection District into the village of South Glens Falls;

Whereas, the town of Moreau and the village of South Glens Falls require specific legislation authorizing the town of Moreau to extend the town of Moreau’s Fire Protection District into the village of South Glens Falls;

Whereas, introduction of such legislation is requested in the 2025 session;

NOW THEREFORE:

This Board hereby resolves to request the assembly and senate to introduce and pass legislation in the 2025 session which shall permit the town of Moreau to extend the town of Moreau’s Fire Protection District into the village of South Glens Falls, and to place the South Glens Falls Fire Company, Inc. under the sole control of the town of Moreau for all reasons under the law.
