Statement of Rules and Garden Policies

- If there are more applicants than there are available beds, residents of the Town of Moreau and the Village of South Glens Falls will be given priority.
- Your garden bed must be properly maintained throughout the growing season. All plant matter must be removed by October 15, 2018. This is important for disease and pest control. If you have fall crops and need longer please notify Gina.
- Pests and weeds in one bed can quickly spread to the rest of the garden. All garden beds **must** be kept weeded. Gardeners are responsible for the maintenance of the path around their bed. Members with gardens that are not maintained will be contacted and given one week to restore their garden to good cultural practices, after that your bed will be given to another gardener.
- All gardeners are asked to help maintain the entire garden by removing any trash in the garden and to participate in the spring and fall clean up of the entire garden area.
- For sanitary and safety reasons, pets are not allowed in the garden or the adjacent area at any time.
- Please do not plant crops or build garden structures that will shade neighboring gardens.
- Keep your plants out of the pathways.
- Please do NOT harvest from other gardener's beds. If you observe that happening, please let the offenders know that the beds are maintained by individual gardeners and not available for the public to pick from.
- This is an organic garden. Please follow organic practices in your bed.
- I understand that neither other gardeners, nor the Town of Moreau, are responsible for my actions. I therefore agree to hold harmless the garden group, and the Town of Moreau, for any liability, damage, loss or claim that occurs in connection with the use of the garden by me or any of my guests.
- I will help with the maintenance and upkeep of the community areas of the garden.
- If I must abandon my garden for any reason I agree to notify the Town immediately by contacting Gina LeClair at 681-2215 or gleclair@townofmoreau.org.
