

Tuesday, June 9, is Day 7 of Saratoga County's Phase 2 Reopening

Governor Cuomo Release Guidance for Restaurants & Personal Care in Phase 3

This morning, the members of the Saratoga County Reopening Committee received an email from County Administrator Spencer Hellwig, who serves on the region's control room, indicating that new guidance from the State had been released overnight. Please read through this guidance using the links below as it is **very detailed in terms of what restaurants and bars must do to open indoors**.

The **same is true for non-hair related personal care businesses, such as: tattoo and piercing facilities, appearance enhancement practitioners, massage therapy, spas, cosmetology, nail specialty, UV and non-UV tanning, or waxing**. This guidance is being released for a Phase 3 reopening. Saratoga County is eligible to begin a **Phase 3 reopening as soon as Wednesday, June 17th** provided regional health metrics continue to show that the virus is not spreading.

Reopening of non-hair related
Personal Care Businesses**

Leaders in Ballston Spa & Wilton Make It a Priority to Support Local Business

We want to thank local leaders in the Village of Ballston Spa and the Town of Wilton who have collaborated with local restaurants to setup new outdoor dining options. They join officials in Clifton Park and Malta who have moved quickly to help local businesses. Now that we know local bars and restaurants will be limited to indoor seating capacities of 50%, it is essential that local communities across Saratoga County help local restaurants to use public and private spaces to expand their seating capacity.

The Village of Ballston Spa setup a committee of business owners, volunteers and Village staff to develop a special resolution that was passed last night. The Town of Wilton began working with local restaurants last week to help them open outdoors this past weekend. If your City, Town, Village or Hamlet has taken similar action or does so soon, please email Devin Zurlo at dzurlo@saratoga.org so we can thank them too.

Kudos to Village of Ballston Spa Mayor [Larry Woolbright](#) [Noah Shaw](#) [Liz Kormos](#) the Village Board and Village Attorney [Stephanie Ferradino](#) for passing a proactive resolution tonight to ensure that Village businesses can spread out into public spaces during this COVID crisis. And kudos to business and property owner Spencer Tacy and his committee for doing extensive outreach to businesses and presenting a proactive plan to the Village Board. It is exciting to see how much this small village cares about the success and survival of their businesses.

I was at the meeting and so impressed with the Village Board's can do approach, knowing it will be a work in progress that will need to be refined along the way. There is no perfect solution to balancing the needs of small businesses while protecting public health and safety - but they are focusing on the goals, not the obstacles. Noah summed it up perfectly when he said "Don't let the perfect be the enemy of the good."
