Town of Moreau Rezoning

Supervisor Fish said the Town was in receipt of a proposal from MJ Engineering related to rezoning on the Rte. 9 corridor. He asked BPD Coordinator Westfall to explain the proposed action and funding. Mr. Westfall said the initial outreach step to rezoning is to have an engineering study. He said they had a proposal from MJ Engineering for \$35,000, and that the Town has a \$20,000 Hudson River Greenway grant. He explained the grant is a 50/50 matching grant, and that \$15,000 was available to spend from the 2025 budget. He added that based on some suggestions from MJ Engineering, he can take some actions to reduce the project costs. The Supervisor asked the Town Clerk to read the resolution. She read:

“**BE IT RESOLVED**, that the Town Board authorizes the Supervisor to sign the December 3, 2025 MJ Engineering proposal for planning services related to the US Route 9 Corridor Enhancement Study; and **FURTHER RESOLVES** to authorize the expenditure of an amount not to exceed \$35,000 for those services.”

Proposed Local Law 13 of 2025

Supervisor Fish introduced proposed Local Law 13 of 2025, a moratorium on storage facilities, saying a public hearing date needed to be set. He said once set, the Town Clerk would publish the public hearing notice and post it on the Town’s website.

Discussion: Councilmember Stewart asked about considerations being made in relation to the proposed moratorium on storage in the commercial zone. He asked if the proposed storage facilities that are already in the approval process (2) would be exempt from the moratorium. In discussion, these were identified as a Cerrone facility and a facility adjacent to existing storage near what had been a YMCA on Rte. 9. BPD Coordinator Westfall confirmed that these facilities would be exempt and C-1 zoning is the only area that will be impacted by the moratorium.

The Supervisor asked Town Clerk Trombley to read the resolution. She read:

“**BE IT RESOLVED**, that the Town Board sets a public hearing for the proposed Local Law 13, a moratorium on storage facilities, at 7:01pm on Tuesday, December 23, 2025.”

TRANSFER STATION

Supervisor Fish said there was a 2009 F-250 in the Water Department that was needed at the Transfer Station. Principal Account Clerk Cruz would handle the financial transaction, he said, but that the Board needed to authorize the transfer.

Discussion: The Supervisor said he believed the Transfer Station would pay \$4,000 for the truck since that was an affordable figure for the department. He said the Highway Superintendent reported that when plowing with the loader, things were getting dug up. Councilmember Stewart said the loader has been used even if there were only 3” of snow which didn’t seem cost-effective for the wear and tear on the loader.

The Supervisor asked the Clerk to read the resolution. She read:
